**PRESERVE UPDATES**

John Pearson gave updates on the following state preserves:

Dinesen Prairie – The County Conservation Board did a summer burn rather than their normal spring burn to control smooth brome. The fire affected blooming native orchids, as well. Future burns will be in spring or fall.

Vincent Bluff – This site was dedicated at our last board meeting in April. We're currently working on the legal description of the property. Looking to hold a dedication ceremony in the near future. Senator Gronstal has

expressed interest in speaking at the event. John will provide the board with more details as to when the event will be held.

Perkins Prairie – Owners wish to work on a management plan.

Glenwood Preserve – Still working out the complex details as to who will manage the land. DNR has offered to be the manager. We will have a report at our next meeting in October.
